Different queries raised by the prospective bidders on the tender terms & condition were discussed. Based on the written queries submitted by the prospective bidders in pre bid meeting, the clarifications / amendments as decided by the RMC in response to their pre-bid query of the prospective bidders are mentioned below:

1. In Technical Specification the Class 10 GPRS communication transceiver has been amended to class 12.
2. All the supporting accessories and associated software, monitoring dashboard will be provided by the bidder and apart from the price quoted in the financial proposal, no other cost will be entertained by the RMC thereafter.

3. AMC for this project includes all type of expenses on VTS device like Device & software maintenance, data charges, device replacement charges (in case of non functioning of device), application hosting charges, sms alerts charges etc.
4. The rate of unit device is valid for one year from the date of work order. RMC may procure additional devices on specified rate.
5. The successful bidder must share API/ data / Specific MIS as per the requirements of RMC without any additional cost.
6. The payment will be made by RMC after successful commissioning of work. The AMC payment will be done on quarterly basis based on satisfactory performance by the firm. The payment will be done at the end of each quarter.

Rest terms & conditions will be as per RFP and earlier corrigendum published.
